PROFESSIONAL SUMMARY

Frontend Developer and Junior Software Developer at Banyan Labs with hands-on experience building responsive web applications, performing quality control testing on digital software, and leading a digital marketing

team. Proficient in React, Next.js, TypeScript, TailwindCSS, JavaScript (ES6+), Firebase, and Git. Completed the

Persevere coding program with certifications in JavaScript Algorithms & Data Structures and Responsive Web Design. Brings a strong UI/UX sensibility and product-focused mindset to every project.

EDUCATION & CERTIFICATIONS

	Year Completed
High School Diploma – Adamsville High School	2009
Degree	

	Year Completed
Persevere Coding Program – Full-stack software development training	
• JavaScript Algorithms and Data Structures – freeCodeCamp	2024
• Responsive Web Design – freeCodeCamp	

PROFESSIONAL EXPERIENCE

	2026– Present
Banyan Labs – Frontend Developer QC – Digital Software Marketing Lead	
• Build and maintain responsive web applications using React, Next.js, TypeScript, and TailwindCSS, following clean code best practices • Perform manual quality control testing across digital software products, identifying and documenting bugs to improve product stability and usability • Conduct cross-device and cross-browser testing to ensure consistent responsive performance • Apply UI/UX principles to validate interfaces and support frontend improvements and deployment verification • Collaborate with engineering and design teams in agile sprint workflows including standups, sprint planning, and retrospectives • Lead and manage a digital marketing team, driving product positioning, launch strategy, and marketing messaging for client-facing products	

PROJECTS

Project Title Skills Used	2026
Softly React, Next.js, TailwindCSS, Firebase	
• Built and deployed a full responsive web application with user-focused UI/UX components • Managed hosting transition and resolved deployment issues; conducted pre- and post-launch testing	

Daily Glow Up | *React, TypeScript, TailwindCSS*

- Developed a mobile-first personal growth tracking interface with interactive UI components
- Focused on clean code structure, performance optimization, and engaging user experience

Developer Portfolio | *Next.js, TailwindCSS, JavaScript*

- Designed and deployed a responsive portfolio showcasing technical projects and GitHub repositories
- Implemented modern UI layout and responsive structure to demonstrate frontend development skills

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frameworks & Libraries:** React, Next.js, Vite, TailwindCSS, Node.js (basic)
- **Backend & Database:** Firebase, Antigravity
- **Tools & Platforms:** Git, GitHub, VS Code
- **Testing & QA:** Manual QA, Bug Reporting, Cross-Browser & Cross-Device Testing, UI/UX Validation
- **Design & Marketing:** UI/UX Design, Responsive Web Design, Product Marketing & Launch Strategy
- **Concepts:** RESTful API Integration, Agile/Sprint Workflow, Product Positioning
